Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Art Unit: 1712

1. The amendment to the claims overcomes the prior art rejections of record. Upon an updated review of the art, in view of the claims as amended, the following new ground of rejection was found.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claims 1 to 3, 7 to 9 and 16 are rejected under 35 U.S.C. 102(a) as being anticipated by TW 200300786, as interpreted by the English language equivalent 2005/0031791, herein Sasaki et al.

Applicant cannot rely upon the foreign priority papers to overcome this rejection because a translation of said papers has not been made of record in accordance with 37 CFR 1.55. See MPEP § 201.15.

Since this rejection can be easily overcome by filing a certified translation of the priority papers, the Examiner does not believe it is necessary to obtain a copy of the actual TW 200300786 reference. The English language equivalent, Sasaki et al., is sufficient for these purposes. An abstract of the TW reference and a copy of the family history showing Sasaki et al. as the US equivalent is provided.

Sasaki et al. teach a composition comprising a silica precursor and a organic compound (C). Particular attention is drawn to Example 11 (paragraph 327 in Sasaki et al) in which an alkoxysilane sol (meeting claim 8) is admixed with sucrose octaacetate (meeting claim 7). This example anticipates the instant claims. Note that the amount of each component in Example 11 meets claims 2 and 3 while the solvent meets claim 16. For claim 9, note that the silsesquioxane is not required by claim 8.

4. Claims 10 to 15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Art Unit: 1712

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday to Wednesday and Friday, 10am to 4pm.
